ONLINE TIMETABLE

- In this timetable model the whole school operates on a 5-period day with reduced lesson time.
- Teachers will ensure Canvas lessons are detailed enough so all students can engage with learning. All links to other platforms (Google Classroom, Teams) are provided.
- Students can choose to work on whatever they like, when they like, at their own pace. Teachers will be available online through CANVAS **during the timetabled period.** This is to touch base with students who are on-line, offer support, answer questions, discuss the work being done – not teach the lesson.
- Your teachers will answer any questions asked outside of the timetabled lesson, within 24 hours.
